## SELECTMEN'S REPORT

We are pleased to point out that 1978 has been, in our opinion, a good year for the Town of Deering. The tax rate for the last three years has been stable and this year it was a little lower than previously. However, due to many factors this fortunate situation cannot continue. The new building program of the Hillsboro-Deering Cooperative School, increased material costs of the highway department, higher fuel oil and utility costs, increased insurance costs -- all mitigate against this eventuality.

During the year there was more work done to renovate the town hall. Much of the old wiring has been replaced and additional furniture and equipment have been purchased. The front stairway as well as the Town Clerk and Tax Collector's office has been refurbished. Currently the old Selectmen's office on the ground floor is being converted into a serviceable kitchenette.

We believe that the Highway Department has done an excellent job in keeping the roads open under the very adverse weather conditions of this and last year. We anticipate that the Town will be obliged to provide hospitalization insurance for the employees of the Highway Department. Then too, sub-divisions may require more road maintenance. At this point we should like to commend Gordon (Skip) Rich for outstanding service to the Town in his capacity as Road Agent during the past six years.

We would like to emphasize that the law requires that Property Inventory Forms be filed by April 15th. Delinquents will be subject to a penalty and will forfeit any right of appeal. The Inventory Form is enclosed with each Annual Town Report. New applicants for Open Space however, must request the appropriate form from the office of the Selectmen.

The ordinance concerning abandoned vehicles as well as the ordinance prohibiting overnight parking on Town roads from November 1st to April 1st are still in effect.

We urge each property owner who has had his property surveyed to submit a copy of his map to the Selectmen. This will enable us to keep the Town Tax Map current.

It is our hope that the Town will continue to grow, but in an orderly, planned manner, so that Deering will retain its rural quality.

Respectfully,

WHITNEY S. YEAPLE

THOMAS G. ALLEN

ROLAND F. COTE

### DEERING HIGHWAY SAFETY COMM. REPORT

The formation of the Deering Highway Safety Committee is a requirement that must be met in order to obtain funding from the N.H. Highway Safety Agency. The Deering Highway Safety Committee made it possible to obtain 50% funding on the new police cruiser.

During the year the Committee met quarterly. At the meetings subjects relative to highway safety were discussed. The installation of the street light at the junction of Rte. 149 and Old County Road was recommended by the Committee as brought forth by a resident.

If you should have any recommendations pertaining to highway safety the Committee would like to hear from you.

For the Committee,

WILLARD A. CAMPBELL

CHAIRMAN

## POLICE DEPARTMENT REPORT

1978 was an important year for the Deering Police Department. The first official police cruiser was purchased. The new cruiser is a Ford Bronco 4 wheel drive. It is outfitted with the latest equipment. The Cruiser was put into service in July and already has proven its worth.

The police number 464-3600, instituted last year and paid for out of the police budget, has worked out well.

Your response to the request to notify the police department when your home is to be vacant was good. Please continue to advise the police department.

Respectfully submitted,

WILLARD A. CAMPBELL

Chief of Police

## CERTIFICATE OF AUDIT

This certifies that we have examined the reports and accounts of the Selectmen, Tax Collector, Town Clerk, Town Treasurer, Trustees of the Trust Funds and Library Treasurer for the year 1978 and find them correct.

We have also verified the financial report of the Deering National Bicentennial Committee.

## CONSERVATION COMMISSION REPORT

The Deering Conservation Commission recognizes with great appreciation the many years of effort given by Lotte Jacobi and Tom Copadis who retired in the spring of 1978.

Ms. Jacobi was the last charter member to serve on the Commission, filling that capacity since the inception of the commission. Mr. Copadis has worked diligently for several years as secretary/treasurer. Both have been notably instrumental in the designation of a number of Deering roads as scenic according to statutory provisions.

Neale Bacon and Jean Feather were the new appointees to the Commission.

Townpeople voted at Town Meeting to designate Bartlett Hill Road and Pleasant Pond Road as Scenic under the provisions of RSA 253:17 & 18.

In early May trash was collected from Deering roads by over 50 participants in our Annual Clean-Up Day. The morning's work was followed by a softball game and lunch served at the Deering Community Church Hall.

A Public Hearing was held in late May to review proposed alterations to Glen Road, previously designated a Scenic Road. The Commission members voted unanimously to approve the necessary tree removal and trimming for the installation of the power lines, which was done under the direction of a Selectman/Planning Board member and Conservation Commission member.

Under the sponsorship of the Commission, Rebecca Ramsay attended a week of Conservation Camp at Interlocken in Hillsboro Upper Village. Enthusiastically reporting on the week's events, she described her experience as a rewarding one.

The annual meeting of the New Hampshire Association of Conservation Commissions in Concord was attended by Neale Bacon,

Marguerite Dutton and William Kulbacki in the fall of 1978.

Members of the Conservation Commission have been attending the Planning Board meetings in order to act as a liason between the two groups.

Recently, Jean Feather resigned from the Commission and Polly Pierce is welcomed as her replacement.

Respectfully submitted,

FRANK J. PERREAULT II

CHAIRMAN

## N.H. REGIONAL PLANNING COMMISSION

The Central New Hampshire Regional Planning Commission has existed since 1970 and during this period has continued its involvement in studies of both a regional as well as a local nature. As an advisory body, the Commission is often invited to participate in local planning projects. As a part of its technical assistance program the Commission has been pleased to be able to assist the Planning Board with RSA interpretation and the provision of data maps.

The Commission again sponsored a series of legal seminars and was pleased to see the Town of Deering represented.

The Commission is currently preparing reports or model ordinances in the areas of wetland protection, building codes, farmland preservation and septic tank installation. The Commission trusts that these will benefit all concerned.

The Commission hopes to be able to continue to serve the needs of its member communities in future years and appreciates the past support of its activities by the Town of Deering.

Respectfully Submitted,

Robert P. Nugent

## HEALTH OFFICER'S REPORT

The Health Officer is happy to report that there were no serious problems to be dealt with by the Board of Health this past year.

Despite the lack of rain the Deering Lake water remained reasonably clear and fresh. It is during seasons like this that every precaution must be taken by those using the lake to avoid any form of water pollution.

The Health Officer first became acquainted with the Deering Lake as a young boy, fishing winter and summer, skating, swimming and boating. It has been interesting watching the lake shore grow from just a few cottages near the dam to the present numerous fine cottages all around the lake. The orderly growth especially with respect to pollution control is a credit to the lake people and the Town of Deering.

It is good to see the lake being used more during the winter for not only ice fishing but for skimobiling and especially by property owners. Where problems for suitable trails and safe parking exist, perhaps reasonable solutions can be found through the office of the Board of Selectmen.

Persons planning to build in Deering are reminded to check first with the New Hampshire Water Supply and Pollution Control Commission and also obtain a Building Permit from the Selectmen's Office.

The Health Officer again asks that any Deering resident or non-resident who has a question or problem relating to the health and well being of the community, which is everyone's business, please feel free to contact him.

May 1979 be a healthy and happy new year for all.

Respectfully submitted,  
Dr. JAMES M. CAREW  
Health Officer

## DEERING VOLUNTEER FIRE DEPARTMENT

The Deering Volunteer Fire Department has been working closely with the Hillsboro Fire Department this past year responding to a number of fires in Deering and also backing up Hillsboro on their fires.

There were no major fires in Deering this past year and hopefully there won't be any this coming year.

The Department has purchased some new communication equipment this year which will be of great value to us. With this new

equipment we will be alerted in case of fire and will be able to communicate with other departments responding to the fires.

If anyone is interested in joining the Volunteer Fire Department they can drop by the fire house on Old County Road on the second Tuesday of any month and complete an application.

Members of the Deering Volunteer Fire Department are:

Jerry Cilley, Chief; Allen Edwards, Assistant Chief; Kenneth Fales, Captain; Michael Barrett, Lt.; Gary Gerbert; David Merrill; David MacGregor; Kevin Spalding; Kevin Johnson; Gary Spalding; George Hanneman.

Respectfully submitted,

JERRY F. CILLEY, Chief

## BICENTENNIAL COMMITTEE AND HISTORIAN'S REPORT

On 1978 Town Meeting Day WELCOME HOME TO DEERING, NEW HAMPSHIRE (Deering's two century history) was distributed to those who had reserved copies and to others purchasing them at the time. Copies were on sale at the Church Fair in August too.

315 books have been sold and a dozen complimentary copies have been distributed to the author, members of the editorial committee, Phelps Studio for the use of their photos, and to the Monadnock Committee on the Bicentennial, a condition of their grant.

We have over 400 copies still for sale. They may be obtained at the Town Treasurer's office when she is at the Town Hall and at Mrs. Heath's home as well as by mail, addressing your request to Mrs. Heath. Extra maps and trivets are for sale.

As Historian several old Town Reports were sent to the University of New Hampshire Library, and information about Deering's cemeteries was sent to the Old Graveyard Association. Information was also given by phone.

If anyone has copies of the following Town Reports that they would be willing to part with the Historian could complete her collection beginning with 1899. Those needed are 1901, 1910, 1912, 1916, 1917 and 1919.

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

**REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!**

## PLANNING BOARD REPORT

1978 was another busy year for the Planning Board. Twelve subdivisions were considered. Ten were approved as presented, one was partly approved and partly disapproved, and one was approved in 1979. These 12 subdivisions created 28 additional lots.

We were pleased to have good participation by the Townspeople at our hearings as well as at our regular meetings. We welcome visitors at our meetings held the second Wednesday of each month (except August) at 7:30 P.M. in the Town Hall.

Our public hearings have convinced us that the people of Deering do not want rapid development. We have found that our existing regulations are inadequate to prevent some undesirable growth. Recent New Hampshire Supreme Court rulings indicate a willingness to help Towns control growth only if they have complied with State regulations and lawful local regulations. With that in mind we have spent many hours revising our regulations so that we can prevent subdivisions which would cause the Town unreasonable expense. We have also shifted more of the expenses to the subdivider instead of the Town. We are not opposed to the inevitable growth but we want to control it so that the new families can be absorbed without materially increasing our taxes.

Our next project is to complete a Town Plan which will be an additional aid in preventing development in unsuitable areas.

We want to thank all those who attended our hearings and meetings. Your opinions are always welcome. We are your Planning Board and represent you to the best of our ability.

ROBERT P. NUGENT

Chairman
